Mona Shores Family Attendance Agreement

The staff at Mona Shores would like to work in partnership with the families of its students to improve regular school attendance. It is important that we work together to insure the success of our students. Attending school on a regular basis is essential for students' success. We are asking you as a partner to express your willingness to emphasize the importance of students being in school.

Agreement

My family agrees to do all of the following to support school attendance:

- Excuse students from school only for legitimate reasons
- Call the school each and every time that my student is absent from school
- Attend all parent teacher conferences
- Monitor grades and attendance on Parent Portal
- Schedule trips and activities so as not to conflict with school
- Talk positively about the value of being in school
- Check with son or daughter after returning from an absence to see if they found out what they missed in class
