

PART 2 – *The Book Thief* Partner Review Activity

1. Get into pairs
2. Receive a section of the novel
3. Reread the section as a pair
4. Complete the following:
 - Write 5 multiple choice questions
 - Write 3 matching of characters (based on that section)
 - Write 2 essay questions
 - When writing these questions, think about the expectation of the answer. If I were to answer an essay, I would expect some opinion along with examples to prove it from the text.
 - Create one activity that would go well with that section (or up to that section). Be creative when doing this, but also make sure the activity allows students to think critically (it shouldn't just be quick and easy). This is something a student would do once understanding the section and the book up to this point. It would take thought and time.
